# SENIOR RATINGS' ADVANCED COURSE - CBRNDC 35

**AIM OF COURSE**

To prepare senior ratings drafted to ships as the specialist assistant to the CBRNDC Officer or as a specialist CBRNDC qualified Senior Rate. Additionally to expand the damage control and firefighting techniques to enable them to plan, organise and undertake continuation training.

**OUTLINE SYLLABUS****Week 1:**

- ◆ Firefighting organisation, firefighting systems and equipment (1 day)
- ◆ Practical firefighting (1½ days)
- ◆ Sea survival theory and practical drills (1 day)
- ◆ CBRNDC organisation, CBRN drills (half day)
- ◆ Practical damage repair (half day)

**Week 2:**

A thorough revision and updating of CBRNDC knowledge and experience through classroom lectures, theoretical and practical exercises.

**Week 3:**

CBRN classroom instruction, supervised syndicate work and student presentations.

**Week 4:**

- ◆ Advanced rescue procedures for removing injured personnel from a fire environment
- ◆ Special Firefighting techniques
- ◆ Dealing with explosive stores involved in ship fires
- ◆ Aid to another ship
- ◆ Continuation training
  - (1) First Aid Firefighting
  - (2) Hose Team techniques
  - (3) Search and Rescue techniques
  - (4) Breathing apparatus use, and control of wearers
- ◆ Fire prevention

**Week 5:**

Final lectures on CBRNDC culminating in CBRNDC and other practical assessed training, to enable the CBRNDCQ to train, umpire and plan the CBRNDC training for the ship.
