CHAPTER 32

SERVICE FUNDS, CHARITIES & ASSOCIATED ORGANISATIONS

SECTION 1 - PROVISION OF SUPPORT TO CHARITIES

3201. Introduction

The Third Sector Section is the Naval Command's focal point for Third Sector (including charities, not for profit organisations, associations, heritage and museums) issues, interactions, policy and guidance. The Third Sector Section sits within the Command Secretary's area of the Naval Command Headquarters and its role is to provide greater clarity, consistency and focus with respect to Navy Command's interactions with the Third Sector, to define policy and provide the focal point/representation for dealings with Third Sector entities, including the RN resources that could be offered (in accordance with Departmental guidelines) to requests for Naval Service support.

3202. Further Guidance

The Navy Command's Guide to the Provision of Support to Charities and Other Third Sector Organisations can be found on the Charities and Heritage webpage on the RN intranet. The guide is to be used when dealing with requests for support, sponsorship and assistance from Third Sector organisations (including Service charities). Following the guide will ensure that all requests for support to charities are processed properly in accordance with Treasury and Departmental guidelines, to the same set of principles and consistently across the Naval Service.

SECTION 2 - SERVICE FUNDS - GENERAL

3203. Introduction

This section gives details of non-public funds, which have Charitable status and exist to support the moral component of fighting power by providing funds for charitable purposes including the provision of facilities and amenities for education, recreation and entertainment, and otherwise financial support and benevolence for the mental and spiritual needs of serving and ex-serving personnel and, in necessitous circumstances, their dependants. Advice on any aspect of these funds may be obtained from the point of contact for this Chapter. The Chapter also lists a few of the other organisations which may provide support to Service and ex-Service personnel and their families.

3204. Service Funds - General

a. Service funds are non-public funds set up to promote military efficiency and as such come within the definitions of charitable purposes in Section 3.1(l) of the Charities Act 2011 (applicable in England and Wales) which states that "The promotion of the efficiency of the armed forces of the Crown, or the efficiency of the police, fire and rescue services or ambulance services". Although charity laws in Scotland and Northern Ireland do not have such a specific purpose, the objects of military charities are accepted under other general purposes in these jurisdictions.

b. **Public Benefit.** The 2011 Charities Act also specifies that, in addition to having a purpose listed in Section 3.1 of the Act, charities must benefit the public. Service Funds and charities are therefore required to prove their public benefit and an example clause for this purpose has been adopted for inclusion within the constitution of Service funds as follows:

"This fund provides public benefit by assisting Service personnel to more effectively perform their roles within the armed forces of the Crown (or Royal Navy). This assistance enables Service personnel to face the challenges and danger associated with military service by developing and maintaining teamwork; skills; confidence; spirit and attitude; and morale. As a result the fund promotes the efficiency of the armed forces of the Crown by enhancing the Royal Navy's capability to undertake the roles demanded of it including the defence of the United Kingdom and its interests."

c. **Benevolence Funds.** Benevolence funds (through block grants to other charities or on individual application) assist in alleviating distress or a proven financial need. In each case, eligibility in accordance with the objects of the fund and the beneficiary class is a determining factor.

d. **Amenity Funds.** Amenity funds are not provided to replace that which should be publicly funded, but rather to add that particular value that enhances facilities and recreational activities, thus improving the conditions of service for serving personnel, and where applicable the quality of life of their dependants. When making an application for Amenity Funding the Mixing of Public and Non-Public Funds on the Defence Estates needs to be taken into consideration.

e. **Accountability.** It is important that all expenditure of public funds by departments within the MOD complies with the rules and conventions of parliamentary and public accountability, and that corresponding regularity and propriety is observed by those who have been delegated financial authority.

f. **Scope.** Demonstration will be required on applications for capital spends for facilities that are not scaled items, or will not be adopted as core items, that future maintenance or replacement will be provided for from the organisation's own Non Public Funds and that these costs (the through life costs) have been fully assessed and can be met. Non Public Funds should not normally be used for scaled items that are provided for from the Service Accommodation Code. This guidance does not preclude requests to upgrade existing facilities already maintained by Public Funds where such improvements would enhance and improve the Conditions of Service for the men and women serving in the Naval Service.

3205. **Service Funds – Composition and Regulation**

a. A Service fund is a fund, comprised of money, stock and other assets, which is not the property of the Crown but which is used for the benefit of Service personnel to promote their well-being and efficiency. Non-Service personnel who contribute to the promotion of military efficiency are also entitled to benefit from such funds. The Crown has no liability whatsoever for any loss of cash, or loss or damage to stock or property, belonging to Service Funds. Such funds enjoy charitable status (so long as they are used solely for the benefit of those entitled beneficiaries listed above) and, are subject to the regulations of the Charities Act 2011.

b. Service funds are not private; they are official funds and their proper conduct is an integral part of the fabric of discipline and administration of the Royal Navy. Official support may therefore be provided for the maintenance, regulation and auditing of non-public funds. In circumstances where official support cannot be provided, the Commanding Officer may, in fulfilling the duties of Sole Managing Trustee, require the funds to be audited by a professional civilian accountant. The cost of such audits is not admissible as a charge against public funds but is an acceptable charge to the fund being audited.

c. **Non-Publicly Funded Activities.** The Department generally accepts no legal liability for activities of Service personnel assigned responsibility for activities which are wholly funded by non-public funds. A Commanding Officer is therefore to ensure that such activities have the requisite commercial insurance cover set out in single Service regulations.

d. **Managing Trustee.** Commanding Officers are the sole managing trustee of all Service funds existing for the benefit of the personnel under their command and as such they are ultimately responsible for ensuring that:

- (1) Each fund confines itself to its activities and expenditure for the purpose for which it was instituted.
- (2) The finances are managed to the maximum advantage of the beneficiaries.

(3) The law as laid down in the Trustees Act 2000 is observed as far as investments are concerned. A copy of this Act is at www.legislation.gov.uk/ukpga/2000/29/contents.

e. **Regulations for the Conduct of Service Funds.** Regulations for the conduct of Service funds, together with accounting and audit advice are contained in:

(1) **RN.** BRd 18, *Management and Accounting Instructions for Service Funds* and further advice can be sought from NAVY SEC-3RD SECTOR SFA (93832 5234).

(2) **RM.** AC 60450, *Service Fund Regulations* and further advice can be sought from NAVY OCGRM-RMSFA (93832 5235).

f. **Duties and Responsibilities.** All those involved in the administration of Service funds are to be fully conversant with their duties and responsibilities, as detailed in BRd 0018, *Management and Accounting Instructions for Service Funds* or, for Royal Marines, AC 60450, *Service Fund Regulations*.

g. **Guidance to Trustees.** A copy of the Trustees Act 2000 is available at www.legislation.gov.uk/ukpga/2000/29/contents. Advice and guidance is available from the appropriate Charity Commission (see contact details below) on the correct administration of Service funds and their view should be sought whenever a trustee needs to clarify whether a particular activity of a Service fund, or the beneficiaries of that activity, lies within the bounds of the Charities Act 2011. SECTION 3 - ROYAL NAVY & ROYAL MARINES CHARITY (RNRMC)

(Registered Charity No: 1117794 and SC041898)

3206. Overview

The Royal Navy & Royal Marines Charity (RNRMC) is the Navy Board's single focus for naval charity, co-operating as closely as possible with the RN's oldest charity, Greenwich Hospital, which was established as a Crown Charity by Royal Charter in 1694. The RNRMC is a fully independent charity and, following its formation, Greenwich Hospital has increasingly channelled its support to naval charity through the RNRMC. The RNRMC has three strategic objectives:

- To increase the amount of money available to all their beneficiaries
- To increase the proportion available for benevolence
- To achieve a single focus for Naval charity

3207. Generating Funds

a. The RNRMC's funds generate income to meet current needs from their own investments. As the RNRMC further develops its policies to meet the wider strategic environment, it needs to enhance its income in order to improve the assistance that may be provided. As such, all RN units are encouraged to place the RNRMC, as the Navy Board's preferred fundraising charity, at the forefront of their own charitable and fund raising efforts. The Navy Board in June 2009 directed that The RNRMC be established as the prime beneficiary for all fund raising events that utilise naval assets. This was not designed to prevent ships' companies from undertaking the enormous range of activities of charitable work, which does so much to add lustre to the reputation of the Royal Navy. The aim is to help focus attention on the Naval Service's own charity and in dealing with requests from major charities, it will ensure that non naval charities, who may make considerable sums of money by using RN assets, follow the rules and be invited to make a donation to the RNRMC from the profits that are made from any event.

b. The RNRMC is the receiving charity for funds generated from the RN's Charity Payroll Giving Scheme (see [Section 9](#)).

c. In practical terms of meeting the Navy Board's remit that the RNRMC should benefit when other charities undertake fundraising activities using naval resources. The Navy Board suggested that other non-naval charities are invited to donate 15% of the clear profits to the RNRMC. Further advice is available from the point of contact for this chapter.

3208. Objectives

The objectives of the RNRMC are described as such charitable purposes as the Trustees shall from time to time think fit, including but not limited to:

- a. The relief in need, hardship or distress of beneficiaries and their families and dependants;

BRd 3(1)

- b. The assistance with, provision of or contribution to the education, and training of children of Beneficiaries; and
- c. The promotion of efficiency of the Naval Service and the Auxiliaries by way of the enhancement of morale, the improvement of recruitment and retention, and the further relief and encouragement, of men and women who are serving in the Naval Service or the Auxiliaries.

In summary, the RNRMC provides funds both to improve the quality of life of serving sailors and marines but is also the single biggest source of funds for charities that provide a whole range of through-life care to its beneficiaries.

3209. Beneficiaries

All personnel who are, or have served in the Royal Navy, the Royal Marines, the Women's Royal Naval Service, the Queen Alexandra's Royal Naval Nursing Service, Naval Reserve Forces or Auxiliaries and their dependants.

The main output of the Fund is achieved through Block Grants to individual external charities on an annual basis although individual applications direct to the NSBF will be considered. The NSBF dispenses funds in two ways:

- (2) To individuals who need assistance.

SECTION 6 - NAVAL SERVICE BENEVOLENT ORGANISATIONS

3223. Introduction

Many charities and benevolent organisations offer advice, help and financial assistance to serving and former Naval Service people and their dependants who may be in need. These organisations help different sections of the Naval Service community, and have their own criteria for determining whether assistance is given. All base their decisions on the principle of relieving “need” whether that need is by virtue of financial hardship, injury, sickness or the effects of old age. The benevolent funds listed in this Section award a large number of grants annually to needy serving and former Naval Service personnel, and their dependants. They rely on legacies and donations for this support. Serving personnel can help by subscribing to the RNRMC Payroll Giving Scheme (see [Section 9](#)).

3224. Royal Naval Benevolent Trust (RNBT) Registered Charity No: 206243

a. **Background.** The RNBT was established in 1922 to give help, in cases of need, to those who are serving or have served as ratings in the Royal Navy or as other ranks in the Royal Marines and their dependants. The RNBT receives income from its own investments, donations and legacies, a proportion of the funding from the RNRMC Payroll Giving Scheme (see [Section 9](#)) and block grants from the RNRMC (NSBF) and Seafarers UK (see [Para 3264](#)). Assistance from the RNBT can be given in the following ways:

- (1) Grants to assist with a wide range of individual needs;
- (2) Regular payments to supplement the income of older people (annuities);
- (3) Grants to other organisations which assist the RNBT Family;
- (4) Care of older people at Pembroke House, the RNBT’s own care and nursing home at Gillingham, Kent;
- (5) Advice on welfare matters.

SECTION 8 - NON PUBLIC AMENITY GRANTS

3231. Nuffield Trust for the Forces of the Crown (Registered Charity No. 210829)

- a. **Background.** The Nuffield Trust for the Forces of the Crown (NT) was inaugurated in 1939 by the late Colonel The Right Honourable the Viscount Nuffield CBE CH FRCS.
- b. **Objectives.** The aim is to promote the welfare and efficiency of the Forces of the Crown either by the provision of facilities for recreation or by any other means for serving personnel. It achieves its objective by financing recreational and welfare amenities and facilities that will benefit those actually serving in the Armed Forces but which are not provided by public funds and which are beyond the resources of other non-public funds.
- c. **Trustees Meetings.** The Nuffield Trust Trustees meet during March each year to consider Capital and Major Grants applications, these meeting are attended by 2SL as the RN's PPO.
- d. **Policy.** The Trust provide for all types of recreational equipment including the following:

Audio Visual Equipment	Mess Deck Recreational Equipment
Mess Refurbishments	Climbing Walls
Gliders	Music Equipment
Water Recreational Equipment	Outdoor Recreational Equipment
Camper Vans/Mini Buses	Recreational Furniture
Sports Equipment	

This list is not exclusive and the Trust encourages applications for any project in the recreational and welfare area that directly benefits regular Service personnel.

As a matter of policy the Trust does not permit grants for the following:

- Items or facilities which should be provided from Public Funds
- Creches
- Live animals
- Fixed assets overseas
- Fixed assets on MOD land in the UK unless appropriate lease arrangements are made or an undertaking is given that proportionate restitution will be made to the Trust under the terms of the MOD's agreement set out in DGSPPol/313.03 of 25 November 2003, should the asset be lost through early closure of a unit.
- Maintenance, repair or running costs of Trust funded assets

e. **Grants.** These are awards at the following levels, plus a unit contribution of 25% would normally be expected:

(1) Minor Grants £12.5k (when funding allocation is low this figure is reduced locally to £5k) and below - Can be applied for at any time via the RNRMC Head of Grants.

(2) Major Grants to £40k (when funding allocation is low this figure is reduced locally to £25k) - These are considered once a year by the NT Trustees at their March meeting. Applications are to be submitted to the RNRMC Head of Grants by 1st December.

(3) Capital Grants over £40k – Applications for large capital projects require careful, long term planning, and use considerable staff resources. Fully detailed applications should therefore not to be developed until the Trustees' views have been advised to the originating Project Officer. Preliminary applications may be submitted at any time. However, applicants should be mindful that the Board of Trustees and Executive Committee meet mid-March and the Board of Trustees in November each year. All applications are to be submitted via the RNRMC Head of Grants.

(4) Special Grants - In addition to the above grants, the NT Trustees may also, from time to time, make other special allocations in order to meet unforeseen requirements.

f. **Administration.** All projects or items should comply with JSP 462 (Financial Management Policy Manual) Chapter 18, Annex A. Recipients of grants have full responsibility for the provision of insurance cover and all necessary maintenance or repair of items or facilities. The gift should be marked with a plaque or plate stating that it was acquired through the generosity of the Nuffield Trust, and placed on a permanent record register.

g. **Personnel Contribution.** A personal contribution of 25% will be expected, unless a valid reason can be given in the justification.

h. **Use of Grant.** A grant is to be used only for the purpose specified. Any unspent part of a grant is to be returned to the RNRMC. Money granted is to be used within one year of the date of approval.

i. **Acknowledgement of Grant.** As a matter of courtesy, letters of thanks for grants received should be sent by all recipients. The Trust, their auditors, and the MOD use these letters as the official confirmation that the grants have actually benefited those for whom they are intended. Immediately the project/item has been paid for, a letter of thanks (only) is to be forwarded to the General Secretary, Nuffield Trust for the Forces of the Crown, 23 Estcourt Road, Gloucester, GL1 3LU with a copy to the RNRMC Head of Grants, along with the Purchase Receipts.

j. **Permanent Record.** All items provided by grants for the NT are to be suitably engraved or tallied by the parent unit. A permanent record of the items is to be kept and items are to be accounted for as though they were Service permanent stores. The NT Grant Number must always be quoted in any correspondence.

k. **Transfer or Disposal of Nuffield Trust Items.** Where the recipient is unable to use an item provided by the Trust, for whatever reason, including the ship paying off, or establishment changing its function, proposals for the disposal of the item are to be made to the RNRMC Head of Grants for NT prior approval. Wherever possible, the trustees prefer items to be transferred to another unit of the Armed Forces of the Crown, rather than sold, unless the item is unserviceable. When a ship is paying off, small items such as Board Games and alike that cannot be passed on to another unit or sold are to be transferred to the Base Logistics Officer or the Chaplain's Office for transfer to the next needy cause. Should approval be given for the sale of an item, a refund is due to the Trust for an amount that is a similar proportion of the proceeds of the sale to that represented by the original grant. A cheque for the appropriate amount is to be forwarded to the RNRMC.

l. **Trade In.** When organisations wish to replace an item, and the NT interest in the old item is to be moved forward to help fund the new project, then permission is first to be requested from the Head of Grants.

m. **Mini Buses.** These are normally funded via NT grants. The Transport Act 1985 (TA85) applies to those operators of mini buses adapted to carry 8 to 16 passengers who make a charge for the use to recoup some of the running costs. The act calls for each vehicle to be in possession of a Small Mini Bus Permit. The previous act MA77 predates the TA85, and permits issued under MA77 remain valid. However they are restricted to the original named vehicle and cease to be valid once the vehicle is disposed of. Therefore a new small mini bus permit has to be applied for when mini buses are renewed or exchanged. The TA85 does not apply when the use of the vehicle is:

- (1) Providing a free service;
- (2) Carrying the public at large;
- (3) Using the vehicle commercially with a view to profit.

n. **Small Mini Bus Permits.** The Fleet HQ Central Fund is the RN's registered authority for the issue of small mini bus permits to operators of non-publicly funded mini buses, and the TA85 requires all operators of RN non-public funded mini buses in the UK (except NI) other than those listed above, to obtain a permit from the NSAF. Unwanted discs should be returned to the RNRMC Head of Grants.

SECTION 9 - ROYAL NAVY & ROYAL MARINES CHARITY PAYROLL GIVING SCHEME

3233. RNRMC Payroll Giving Scheme

a. **Background.** The RNRMC Payroll Giving Scheme is the Royal Navy's own Charity payroll giving scheme. Money raised through deductions from pay is donated to the RNRMC to distribute to each of the component charitable elements. Each of these elements relies heavily on the income derived from payroll giving to continue their charitable activity at current levels. Donations benefit both serving and ex-serving members of the Naval Service from the day they join, throughout their service and beyond. The money donated is distributed to each of the component charitable elements along the following funding routes:

- (1) Amenities - support to RN & RM for activities, recreation and amenities not publicly funded.
- (2) Benevolence - both for serving and ex-serving members and their dependants.
- (3) Naval Service Dependants' Fund - death in Service payment to dependants.
- (4) Sport - supporting Naval Service men and women, their clubs and associations and the payroll giving scheme now includes sports insurance in place of the Voluntary Sports Subscription Scheme (VSSS).

b. **How much is it?** Personnel can donate anything from as little as One Pound a week, or a fixed amount per month, which is deducted "before tax" from pay each month. Every pound donated therefore in reality only costs the basic rate tax payer 80 pence per week or for the higher rate tax payer only 60 pence a week.

c. **How are Donations Started?** Application forms may be obtained via the RNRMC website at www.rnrmc.org.uk, under payroll giving or from the RNRMC Payroll Giving Manager, RNRMC, Building 29, Whale Island, Portsmouth, PO2 8ER Phone BT 023 9254 8417 or 07714306178

ANNEX 32A

NAVAL SERVICE ASSISTED PASSAGE SCHEME (NSAPS)

1. Principles

a. Naval Service Assisted Passage Scheme (NSAPS) loans are provided from the NSAF primarily for the purpose of assisting service personnel with the cost of flights for relatives to and from ports where deployed ships are on standoff. Hotel costs may be included in the loan if they are part of a package holiday.

b. JSP 752 Chapter 6 Section 3 details the allowances and advantages of pay available through Families Assistance for Visits Abroad (FAVA) to married service personnel deployed for 182 days or more. To assist those personnel who do not qualify for FAVA, RN Charities introduced SPAPS (Single Persons Assisted Passage Scheme), and the Short Deployment Fund (SDF). Following the formation of the RNRMC SPAPS and SDF have now been replaced by NSAPS administered through the NSAF. In certain circumstances FCO personnel may also be eligible.

2. Criteria

a. There is no minimum length of deployment for NSAPS as there is for FAVA, but the FAVA allowance cannot be claimed at the same time as NSAPS. Eligibility is subject to block leave being available in the foreign port and Commanding Officer's approval being given. Personnel who qualify for FAVA are not permitted to apply for a NSAPS loan either as well as or instead of FAVA. There is no limit to the amount of the loan or to the number of persons on whose behalf an individual can apply for a loan, but they must have a significant link to the applicant such as blood or marital relationship or long term partnership.

b. FCO personnel who have not settled their family in the UK may apply for a loan to visit financially dependent family or a home maintained by them in their country of origin – see eligibility table below.

c. The NSAPS loan is made to the Ship's Central/Welfare Fund for the use of the individual and not to the individual direct. In certain circumstances the Fund will pay the Travel Agent direct or reimburse the individual for flights purchased on-line, provided that the Ship acknowledges responsibility for the loan in advance.

d. Repayment is by way of monthly instalments to the RNRMC. The maximum period for repayment is 12 months. Normally only one loan per person is permissible in any 12 month period.

3. Procedure for submitting an application

1	Unit to identify window in programme which will allow for block leave to be taken (usually in line with a FAVA application) and obtain CO's approval.
2	Ship's Company to be informed of opportunity for NSAPS.
3	Obtain application form and at earliest opportunity to forward it by e-mail to RNRMC Assistant Accountant, (See Para 3211)
4	Details of the proposed loans should be given to the Ship's Welfare Committees and approval sought if appropriate.
5	RNRMC Assistant Accountant to approve application and arrange payment to the ship/travel agent/individual (in exceptional cases only) and record the debt.
6	RNRMC Assistant Accountant to send draft repayment schedule and bank mandate to unit.
7	Debt to be recorded in Ship's Sage Accounts, repayment schedule confirmed and repayments made in accordance schedule until cleared.
