

### Background

The FAM Strategic Survey forms part of a range of data collection activities being undertaken by Defence to measure the success of the 3-year FAM Pilot, currently being run at HMNB Clyde, Aldershot Garrison and RAF Wittering.

Distributed annually to regular serving personnel at each pilot site, the survey aims to assess and monitor the attitudes and impact of the FAM offer on Service personnel during the Pilot.

Most importantly, the survey provides you with a unique opportunity to influence and adjust policy, so that when FAM rolls out to the rest of the Defence community, it is tried, tested and fit for purpose.

### Forming a Baseline

In 2018, ahead of the FAM Pilot rollout, Defence undertook a Strategic Accommodation Survey to assess the attitude and impact of the current accommodation offer on regular Service personnel.

The data collected in this baseline survey has allowed Defence to establish a benchmark against which they can compare and contrast the results of all FAM Strategic Surveys, the first of which is scheduled for release in early 2021.

### Taking Part

The feedback you provided in the 2018 Strategic Accommodation Survey set a clear benchmark for future FAM surveys, however, it has also already been used to adjust and improve FAM Pilot policy.

To make sure that moving forward Royal Navy, Army and RAF personnel have an equal say on who, where and how they are accommodated in the future, it is imperative that if you are parented by a Pilot site you complete the **FAM Strategic Survey** by **15 Mar 21**.

### 2018 Baseline Findings

#### Your Accommodation Footprint

#### Your Accommodation Footprint

### Current Accommodation Offer

#### You were most satisfied with:

- the different types of Service accommodation available
- your entitlement or eligibility for your preferred service accommodation type

#### You felt that the accommodation offer impacted most upon you:

- decision to leave or remain in Armed Forces
- ability to do your job

### Further Information

#### Royal Navy
